SUMMARY

Full-Stack Software Developer with 2+ years of experience in building and maintaining web applications being used by an average of 100+ users using MongoDB, Express.js, React Native, Next.js & Node.js.

EXPERIENCE

Leaders Network Limited

Lagos, Nigeria

Full-stack Developer

Sep 2024 till present

- Developed secure web applications by integrating authentication and authorization mechanisms (JWT, OAuth2), enhancing user data protection and preventing unauthorized access using Node.js.
- Collaborating with a team of developers to build modern, high-performance web applications using React.js, TailwindCSS and javascript, improving page load speeds and overall user engagement.
- Team-led the UI/UX team to build a full payment application, ensuring a seamless and user-friendly experience by conducting user research, wireframing & prototyping.

UAC Foods Limited

Lagos, Lagos, Nigeria

Technical Operations Assistant

Feb 2024 till July 2024

- Operated and monitored automated machinery, developing a keen understanding of system workflows, error detection, and process optimization
- Gained hands-on experience with production line technology, sparking an interest in automation, digital systems, and eventually software development
- Maintained strict adherence to operational standards, which built discipline and attention to detail, now reflected in code quality and UI/UX work.

SKILLS

Frontend Development: React.js, Next.js, TailwindCSS, Javascript, Typescript, React Native, Framer Motion

Backend Development: Node Js, Express Js, REST API's, Databases: MongoDB and PostgreSQL
